Forecast for Tuesday 02 Mar 2021

Weather: Western parts will be dry with long clear or sunny spells. However eastern hills will be largely cloudy through the morning but should see some sunny spells developing towards midday before cloud returns in the evening.

Chance of cloud free mountain/hill tops above 600m: Close to zero across eastern hills through the morning and again later, otherwise close to 100%.

Visibility: Periods or persistent cloud above 300-450m in the east through the morning and again later in evening, otherwise only small amounts of cloud below the summits. Away from cloud visibility good or very good.
